EDUCATION

BS Software Engineering

COMSATS University Islamabad

02/2021 - 06/2025

Current GPA: 3.86

WORK EXPERIENCE

Frontend Developer

Webtech.dev

02/2025 - 07/2025

Vehari, Pakistan

Webtech.dev is a London-based company specializing in developing consumer-grade technology for startups and small businesses

Achievements/Tasks

- Developed responsive websites and web applications using HTML, CSS, JavaScript, and modern framework (e.g., Vue.js).
- Fetched and integrated data from APIs to build dynamic UI components.
- Translated Figma/Adobe XD designs into high-quality, pixel-perfect interfaces.
- Ensured cross-browser compatibility and fixed UI bugs.
- Used Bitbucket for version control and team collaboration.

Intelligent Food Assistance

COMSATS University Islamabad

09/2024 - Present

Vehari, Pakistan

A leading public sector research university in Pakistan.

Achievements/Tasks

- Developed an AI-powered chatbot for food ordering and delivery tracking using Google Dialogflow, FastAPI, and MySQL
- Implemented features: order management, real-time tracking, user account management, and CRUD operations
- Ensured secure user data handling, quick responses, and efficient database interactions
- Delivered **comprehensive project documentation** covering requirements, system design, data flow, and user manuals. Ensured clarity in technical writing and maintained structured documentation for evaluation and future improvements.
